

Settle District Aid in Sickness Fund

Annual Parish meeting report April 2025

SDAISF has made 5 grants since the last APM, to whom the Trustees were advised that urgent financial assistance was required. Grants are typically in the region of £150 - £250 which are utilised for transport to Hospital appointments, additional heating costs or other recovery comforts. We have also donated to Sue Ryder Manorlands and foodbanks in Bentham, Settle and Hellifield. All requests are kept in the strictest confidence and there are no complicated forms to fill out. Information of other trustees can be found on the charities commission website.
